Sanitation Division

DeKalb's integrated approach to recycling and solid waste management

Dear DeKalb Residents:

The DeKalb County Sanitation Division continually strives to provide an efficient, cost-effective and sustainable integrated solid waste management program for its commercial and residential customers. This integrated approach comprises garbage, recyclable materials and yard trimmings collection, processing and disposal services, with a sustained focus on customer service excellence.

In 2017, the division will embark on several environmental sustainability initiatives, including Phase II of the DeKalb County School District's recycling program, and a countywide glass recycling program.

School recycling program. Branded **Read • Write • Recycle**, this program aims to introduce and continually promote innovative and sustainable recycling program initiatives and participation within the DeKalb County School District's schools and facilities.

Glass recycling program. Aimed at preserving glass as a valuable recyclable material, avid glass recyclers will have an alternative to placing glass in curbside single-stream recycling containers. To support this effort, county-operated glass recycling containers will be strategically placed in each commission district.

Collaboratively, we have made great strides toward sustainability, and we are still on that journey. We encourage you to join more than 77,000 single-family homeowners currently enrolled in the division's curbside single-stream recycling program.

On behalf of our entire administrative, field collection, processing and disposal teams, we look forward to working with you toward a more sustainable DeKalb in 2017 and beyond. Thank you for your patronage in 2016. It is always a pleasure serving you.

At your service,

Tracy Hutchinson
Interim Deputy Director
Sanitation Division

CURBSIDE RECYCLING PROGRAM

Recycling reduces landfill space. DeKalb's Curbside Recycling Program is a voluntary subscription-based program available to residents who receive solid waste collection services from DeKalb's Sanitation Division. Single-stream and yard trimmings recycling collection occur on the same day as garbage collection.
